Not sure about GenericTestUtils.  
We should do that in the commons side and probably not use the full package.

▼  Ian Pickering added a comment - 25/Jun/18 22:07

Thanks [elgoiri](#) for the comment, that does make sense. I can open another patch for commons for GenericTestUtils as an up to date version of ~~HADOOP-14624~~.

Thanks [iapicker](#) .

As is it will be really hard to review and push a patch with so many files.

I would suggest splitting the Jira among a few of them: e.g. per directory, or around 10/15 files.

Thanks [iapicker](#) for the patch. Please fix the GenericTestUtils warning by using org.slf4j.event.Level instead of org.apache.log4j.Level, as well as the white space error. Otherwise lgtn.

Thanks [iapicker](#) for the patch, v15 looks good to me.

Giovanni Matteo Fumarola added a comment - 06/Sep/18 21:56

Thanks [iapicker](#) for the hard work to push this and [botong](#) for the review.

I took another look at [HDFS-13695.v15.patch](#) and looks good to me. The patch solved 113 javac warnings and 81 checkstyles.

Committing to trunk.
