Hadoop YARN / YARN-1839

Capacity scheduler preempts an AM out. AM attempt 2 fails to launch task container with SecretManager\$InvalidToken: No NMToken sent

Details

Type: □ Bug Status: CLOSED

Priority: ♠ Critical Resolution: Fixed

Affects Version/s: 2.3.0 Fix Version/s: 2.4.0

Component/s: applications, capacityscheduler

Labels: None
Hadoop Flags: Reviewed

Description

Use single-node cluster. Turn on capacity scheduler preemption. Run MR sleep job as app 1. Take entire cluster. Run MR sleep job as app 2. Preempt app1 out. Wait till app 2 finishes. App 1 AM attempt 2 will start. It won't be able to launch a task container with this error stack trace in AM logs:

✓ O Jian He added a comment - 15/Mar/14 00:05

```
// The node set here is used for differentiating whether the NMToken
// has been issued for this node from the client's perspective. If
// this is an AM container, the NMToken is issued only for RM and so
```

// we should not update the node set.
if (container.getId().getId() != 1) {
 nodeSet.add(container.getNodeId());

This piece of code is flawed. We cannot assume AM container Id always equal to 1. If AM container Id doesn't equal to one and it's added into the node set, RM will think this NMToken has already been sent and won't sent for other normal containers which AM asks.

Jian He added a comment - 17/Mar/14 17:42

Uploaded a patch:

- Removed the containerId != 1 check, changed RMAppAttempt to clear the node set after AM container is allocated.
- Changed some NMToken related debug level to info so as to make debug easier.

 - -1 overall. Here are the results of testing the latest attachment http://issues.apache.org/jira/secure/attachment/12635122/YARN-1839.1.patch against trunk revision.
 - +1 @author. The patch does not contain any @author tags.
 - +1 tests included. The patch appears to include 2 new or modified test files.
 - +1 javac. The applied patch does not increase the total number of javac compiler warnings.
 - +1 javadoc. There were no new javadoc warning messages.
 - +1 eclipse:eclipse. The patch built with eclipse:eclipse.
 - -1 findbugs. The patch appears to introduce 1 new Findbugs (version 1.3.9) warnings.
 - +1 release audit. The applied patch does not increase the total number of release audit warnings.
 - -1 core tests. The patch failed these unit tests in hadoop-yarn-project/hadoop-yarn/hadoop-yarn-client hadoop-yarn-project/hadoop-yarn/hadoop-yarn-server/hadoop-yarn-server-resourcemanager:

org.apache.hadoop.yarn.server.resourcemanager.TestRMRestart org.apache.hadoop.yarn.server.resourcemanager.TestResourceTrackerService org.apache.hadoop.yarn.server.resourcemanager.rmapp.attempt.TestRMAppAttemptTransitions

+1 contrib tests. The patch passed contrib unit tests.

Test results: https://builds.apache.org/job/PreCommit-YARN-Build/3378//testReport/

Findbugs warnings: https://builds.apache.org/job/PreCommit-YARN-

The patch looks good to me. +1. The test failures are already tracked elsewhere.. Checking this in..

▼ ○ Vinod Kumar Vavilapalli added a comment - 17/Mar/14 22:23

Committed this to trunk, branch-2 and branch-2.4. Thanks Jian!
