Hadoop YARN / YARN-8155

Improve ATSv2 client logging in RM and NM publisher

Details

Type:

Improvement

Priority:

Major

Affects Version/s: None

Component/s: None
Labels: None
Hadoop Flags: Reviewed

Status: RESOLVED

Resolution: Fixed

Fix Version/s: 2.10.0, 3.2.0, 3.1.1, 3.0.4

Description

We see that NM logs are filled with larger stack trace of NotFoundException if collector is removed from one of the NM and other NMs are still publishing the entities.

This Jira is to improve the logging in NM so that we log with informative message.

Activity

Abhishek Modi added a comment - 12/Apr/18 07:17

rohithsharma I would like to work on this and assigning it to myself. Please let me know if you have already started working on this.

Rohith Sharma K S added a comment - 12/Apr/18 07:28

All is yours.. go ahead.. thanks

💌 👩 Vrushali C added a comment - 12/Apr/18 17:57

Good idea to improve the logging. Also, code fixes from YARN-8130 and YARN-6695 will help. The increase of default value in YARN-8156 will also help.

Rohith Sharma K S added a comment - 17/May/18 11:10

abmodi do you have time to update the patch?

genericqa added a comment - 03/Jun/18 08:16

Abhishek Modi added a comment - 04/Jun/18 03:59

rohithsharma vrushalic could you please review it.

Rohith Sharma K S added a comment - 04/Jun/18 09:39

thanks Abhishek Modi for patch. it looks reasonable to me. Would you add similar change in TimelineServiceV2Publisher as well.? TimelineCollectorWebService

1. Catching notfoundexception and converting into web application exception changing return code. We should still retain return code not found right?

vrushalic haibo.chen would you take a look at this patch please?

Abhishek Modi added a comment - 04/Jun/18 13:41

Thanks rohithsharma for quick review. I will submit the updated patch.

Abhishek Modi added a comment - 04/Jun/18 13:46

Catching notfound exception and converting into web application exception changing return code. We should still retain return code not found right?

I don't think we should pass WebApplicationException with Not Found code as that is meant when web application doesn't handle that page request. IMO WebApplicationException should be passed only with Internal Error only.

rohithsharma thoughts?

Abhishek Modi added a comment - 04/Jun/18 17:02

The test that failed is unrelated to this patch.

Rohith Sharma K S added a comment - 05/Jun/18 11:13

TimelineServiceV2Publisher printing exception message which could fill up logs very quickly. Probably we should log exception only in debug log but not for info logs.

Abhishek Modi added a comment - 05/Jun/18 13:16

Thanks rohithsharma. Submitted an updated patch with the fix.

genericqa added a comment - 05/Jun/18 15:58

Rohith Sharma K S added a comment - 06/Jun/18 07:53

looks fine to me.. vrushalic haibochen would you take a look at the patch? I will commit it later of today if no more objections.

💌 👩 Vrushali C added a comment - 06/Jun/18 18:21

Thanks for the patch abmodi!

A few questions.

In NMTimelinePublisher, do we think it might be a good idea to log the exception in debug mode as is being done in TimelineServiceV2Publisher? On the NM side, in case of issues, it may be good idea to see the stack trace?

In TimelineServiceV2Publisher, looks like we are updating Exception to IOException. So I am wondering what would happen if putEntity might throw some other exception than IOException?

Similarly for TimelineCollectorWebService#putEntities on L185, L237 and L254.

Abhishek Modi added a comment - 07/Jun/18 01:33

Thanks vrushalic for review.

In NMTimelinePublisher, do we think it might be a good idea to log the exception in debug mode as is being done in TimelineServiceV2Publisher? On the NM side, in case of issues, it may be good idea to see the stack trace?

Sure I will add debug logs with full stack trace.

In TimelineServiceV2Publisher, looks like we are updating Exception to IOException. So I am wondering what would happen if putEntity might throw some other exception than IOException?

Right now putEntity throws IOException only as managed Exception. That's why I changed to IOException only. If you think, we should capture all Exceptions, I can change it back to Exception.

Abhishek Modi added a comment - 08/Jun/18 03:53

rohithsharma vrushalic could you please commit it if it looks good to you guys. Thanks.

- 💌 👩 Vrushali C added a comment 08/Jun/18 05:27
 - +1 lgtm, Rohith you can commit it today if you'd like. Or I can get to it tomorrow
- Rohith Sharma K S added a comment 14/Jun/18 06:29

Committing shortly..

✓ O Hudson added a comment - 14/Jun/18 07:32

SUCCESS: Integrated in Jenkins build Hadoop-trunk-Commit #14427 (See https://builds.apache.org/job/Hadoop-trunk-Commit/14427/)

YARN-8155. Improve ATSv2 client logging in RM and NM publisher. (rohithsharmaks: rev 9119b3cf8f883aa2d5df534afc0c50249fed03c6)

Rohith Sharma K S added a comment - 02/Jul/18 21:25

abmodi it looks branch-2 patch is not running in jenkins rather it is running with trunk patch. May be need to change branch-2 patch format.
